

Decree of the President of the Republic of Azerbaijan

On Improvement of Regulations of Granting Special Permissions (Licenses) for Some Types of Activities

Licensing of some types of entrepreneur activities is one of the most deciding factors in the implementation of state policy in the field of promotion of entrepreneurship in the country. Despite the fulfillment of a number of activities in this sphere during recent years, the facts preventing the development of entrepreneurship have not been completely liquidated. Thus, the actual system of licensing has turned into the instrument of putting pressure upon those engaged in entrepreneur activities by the organs issuing special permissions, and in some cases it created conditions for the bribery propagation. In fact, working of more than 240 types of activities on the basis of special permissions and short-term issuing of licenses has had negative influence upon the entrepreneurship development and the process of economy investing, has turned into a bureaucratic obstacle in the way of realization of state policy on forming the favourable competitive environment and protection of consumers' rights.

The increase of state support to entrepreneurship development makes it necessary to put a rapid end to the above-mentioned shortcomings, first of all sharply reduce the number of types of activities with special permissions, to extend the license term, to apply the regulations prohibiting the abuses of state structures during the process of license issuing and ensuring the transparency of this process.

In order to improve the actual environment for the development of entrepreneurship in the Azerbaijan Republic and the regulations of granting licenses for some types of activities, **I hereby resolve:**

1. To ratify the «Regulations on granting special permissions (licenses) for some types of activities in the Republic of Azerbaijan» (amendment 1).
2. To ratify the «List of types of activities demanding special permissions (licenses) and amount of state duty to be paid for issue of special permissions (licenses) for such activities» (amendment 2).
3. To ratify the «List of types of activities demanding special permissions (licenses) in the Nakhchivan Autonomous Republic and executive bodies, granting them» (amendment 3).
4. To entrust the Ministry of Economic Development of the Azerbaijan Republic with the function of a special plenipotentiary organ in the field of licensing in order to fulfill state control and systematic administration over granting special permissions for some types of activities connected with the protection of entrepreneurs' rights.

Special powers of the Ministry of Economic Development of the Azerbaijan Republic in the field of licensing are determined by the «Regulations on granting special permissions (licenses) for some types of activities in the Republic of Azerbaijan» attached to this Decree.

5. The Cabinet of Ministers of the Republic of Azerbaijan shall:

- determine and approve additional conditions necessary for granting special permissions (licenses) depending on the characteristics of the types of activities reflected in the amendment No.2 to this Decree;

- *list of licensed works and services as per types of activities, specified in clauses 8, 52-54 of the «List of types of activities demanding special permissions (licenses) and amount of state duty to be paid for issue of special permissions (licenses) for such activities» of Supplement № 2 to this Decree, shall be approved by the Cabinet of Ministers;*
- special permissions (licenses) issued by the relevant executive bodies of the Nakhchivan Autonomous Republic are valid only at the territory of the Nakhchivan Autonomous Republic.

7. The licenses on the types of activities to be licensed by this Decree that have been granted before this Decree comes into force shall remain in force till the date appointed in them.

8.
